

REQUEST FOR INFORMATION (RFI)

HDPE Outrigger Pads TRI-RFI-2026-004

Tristar Port of Guyana Request for Information (RFI):

RFI Title:	Supply of High-Density Polyethylene (HDPE) Outrigger Pads
RFI Issue Date:	June 23, 2026
RFI Description:	Tristar Inc. has commenced the procurement process for the supply and delivery of High-Density Polyethylene (HDPE) outrigger pads suitable for crane and heavy lifting operations. Tristar is seeking information from qualified and experienced contractors for participation in a competitive procurement process. This RFI will be used to identify and shortlist suppliers capable of providing durable, weather-resistant outrigger pads that meet the operational requirements of Tristar Inc.'s lifting equipment fleet.
Submission:	Submission Deadline: July 7th, 2026 Responses must be submitted electronically as follows: • in PDF format, • to email address: procurement@tristarguyana.com, and • with email subject: RFI Response - HDPE Outrigger Pads - Tristar Port of Guyana
Clarifications:	Clarification Deadline: July 3rd, 2026 Clarifications must be submitted electronically as follows: • to email address: procurement@tristarguyana.com, and • with email subject: Clarification Request - RFI: HDPE Outrigger Pads - Tristar Port of Guyana

Product Requirements:

- High-Density Polyethylene (HDPE) outrigger pads
- Weatherproof and suitable for outdoor use
- Approximate dimensions: 900 mm x 600 mm, or nearest standard equivalent
- Suitable for crane and heavy equipment stabilization applications

Information Requested

- Company profile
- Product brochures and technical specifications
- Manufacturing location
- Material specifications and load ratings
- Quality certifications
- Previous supply experience
- Delivery lead times
- Warranty information

This RFI is issued for information-gathering and vendor prequalification purposes only. The final specifications, quantities, commercial requirements, and evaluation criteria will be issued during the RFQ stage to shortlisted suppliers.
